

## **An Exclusive Insight – Health, Technology, and Education United**

Sometimes opportunities arise that have the potential to fundamentally change our lives – and WellFit is one such opportunity. Our vision goes beyond a simple idea: we aim to combine health, technology, and education in a way that elevates your well-being to a new level. With innovative, interactive technologies and a holistic approach, we aim to enrich people's daily lives and drive sustainable global change.

---

## **A Principle of Integrity – A Conscious Decision on Why We Haven't Released the Whitepaper Yet**

Recently, we had the chance to bring on a significant investor. His condition? Over 50% of the company's shares. However, we decided not to pursue this path. Why? Because we firmly believe in our vision and won't compromise it for short-term gains. Keeping WellFit in our hands means upholding our values and pursuing long-term goals – together with you.

---

## **Your Role – Shaping the Future Together**

With the start of our pre-sale, you have the chance to become part of this movement. Your contribution through the purchase of WellFit tokens brings us one step closer to protecting our innovations and advancing our project. You won't just witness a new definition of health and technology – you'll actively help shape it.

After the first pre-sale phase, we will apply for a patent on our technology to secure WellFit's future. With the beginning of the second phase, we'll provide full transparency into our project, including a detailed whitepaper that outlines how we plan to develop WellFit into a global platform.

---

## **Learning by Doing – Our Approach**

A core aspect of WellFit is the concept of "learning by doing." We offer more than just theoretical content: through interactive experiences, you can actively improve your health, fitness, and skills in parks, museums, zoos, or even at home. WellFit supports you with personalized feedback and continuous learning opportunities to help you get the most out of your experiences. It's all about acting and expanding knowledge through practical applications.

---

## Health, Technology, and Nature United

Our goal is not just to create a digital platform but also to offer real-world spaces where people can connect health, learning, and technology. You'll find us in:

- **Museums:** Where art, history, and modern technologies merge to offer unique, interactive experiences.
- **Zoos:** Learn more about wildlife and health through digital tools that deepen your knowledge.
- **Parks and Hiking Trails:** Rediscover nature as our technologies enhance your experience and promote well-being.
- **At Home:** With tailored applications, you can improve your understanding of health and fitness within your own four walls.

Our vision is to be everywhere – in nature, cultural spaces, or your home.

## Globally Connected, Locally Relevant

WellFit is a global platform accessible to everyone but tailored to local needs and lifestyles. No matter where you live, we enable you to reach your full potential through movement, learning, and technology.

---

## Token Details for the Pre-Sale

### Blockchain

WellFit Token operates on the SUI blockchain, a highly scalable and efficient platform designed for projects with potential microtransactions. SUI ensures cost-effective and fast processing of all transactions, forming the ideal foundation for our forward-thinking ecosystem.

### Summary of Pre-Sale Phases:

Pre-Sale	Amount Raised	Tokens Distributed	Price per Token
Pre-Sale 1	500,000 €	100 million	0.005 €
Pre-Sale 2	4 million €	200 million	0.02 €
Pre-Sale 3	7 million €	250 million	0.028 €
Pre-Sale 4	8 million €	250 million	0.032 €
Pre-Sale 5	9 million €	200 million	0.045 €

## Token Name and Symbol

- **Name:** WellFit Token
- **Symbol:** WFT

The WellFit Token (WFT) represents the core of our reward system and serves as the foundation for all interactions within the WellFit ecosystem.

## Token Type

- **Type:** Fungible Token (compliant with the SUI standard)  
WFT is based on the fungible token standard of the SUI blockchain, meaning each token is equivalent and interchangeable, ensuring maximum flexibility and user-friendliness.

## Total Supply

- **Total Supply:** 25,000,000,000 (25 billion tokens)  
The number of WFT tokens is fixed from the beginning to ensure the long-term sustainability of the token ecosystem.

## Decimals

- **Decimals:** 18  
With 18 decimal places, WFT adheres to the cryptocurrency industry standard, enabling precise calculations and small transaction amounts.

The WellFit Token provides an opportunity to become an early part of an innovative movement uniting health, technology, and education.

---

## Next Steps After Pre-Sale Phase 1

After successfully completing the first pre-sale phase and filing the patent for our groundbreaking technology, we will release the original whitepaper. This document will detail the specific technologies and innovative approaches that make WellFit unique, providing comprehensive insight into the mechanisms, vision, and potential of the project to fully inform our community and investors.

---

## Token Distribution

After completing all five pre-sale phases, WellFit Tokens (WFT) will gradually integrate into the ecosystem. The platform's token price will start at €1 per token. Below is the detailed allocation of tokens and their respective uses:

- **Pre-Sale:** 1 billion WFT  
Purpose: Tokens sold during the five pre-sale phases at preferential prices to secure investments for the WellFit ecosystem.
- **Influencers and Brand Ambassadors:** 1 billion WFT  
Purpose: Tokens allocated to influencers and strategic partners to increase WellFit's visibility through targeted marketing campaigns.
- **Founders, Employees, and Developers:** 4 billion WFT  
Purpose: Tokens reserved as long-term incentives and rewards for the core team and compensation for designers and developers.
- **WellFit Reserves:** 4 billion WFT  
Purpose: Reserved tokens for future developments, operational costs, and expansions.
- **NFT Integration:** 9 billion WFT  
Purpose: Tokens available for users to purchase NFTs on the platform.
- **User Activity Rewards:** 6 billion WFT  
Purpose: Tokens distributed as rewards for health-promoting activities, educational achievements, and social interactions.

With this strategic allocation, WellFit will establish a sustainable, high-performing ecosystem that meets user needs and project goals.

---

### **Your Investment – More Than Just Financial Support**

In the first phase of our pre-sale, you play a pivotal role: your investment secures our patent and helps us drive our innovations forward. As a token of our gratitude, you'll receive a special extra for an investment of €2,500 or more: a physical WellFit token made of metal – a collectible item and a symbol of your early support. Additionally, upon completion of the program, you'll receive an NFT that digitally certifies this ownership. This NFT is not just a digital collectible but also grants you exclusive benefits such as voting rights and early access to the beta phase of our platform.

Only a limited number of these tokens and NFTs are available. With your NFT, you will also gain a share in the upcoming distribution of 10% of WellFit's profits – in the form of tokens. This means you benefit not only in the short term but are also part of the project's long-term success.

### **Become Part of WellFit Now**

WellFit is more than an investment – it's your personal contribution to a better, healthier future. Whether in museums, zoos, nature, or your home, WellFit will make a difference everywhere, reaching people worldwide step by step.

Take the opportunity,

**“Become part of WellFit now”**

The first step is yours to take!

---

### **WellFit Roadmap**

## **Phase 1: Pre-Sale 1**

- **Milestone:** Launch of Pre-Sale Phase 1.
- **Objective:** Generate initial funding and engage early investors to support patent registration and development.
- **Highlights:** Exclusive benefits for early investors, including physical WellFit tokens and NFTs.

## **Phase 2: Patent Application**

- **Milestone:** Filing of the WellFit technology patent.
- **Objective:** Secure our innovative concepts to protect the core of the WellFit ecosystem.
- **Timeline:** Initiated immediately after the successful completion of Pre-Sale Phase 1.

## **Phase 3: Pre-Sale 2 & Whitepaper Release**

- **Milestone 1:** Launch of Pre-Sale Phase 2.
- **Milestone 2:** Publication of the comprehensive WellFit Whitepaper.
- **Objective:** Provide full transparency on the WellFit platform, tokenomics, and future vision, while continuing funding for development.

## **Phase 4: Website Development Begins**

- **Milestone:** Start the design and development of the WellFit official website.
- **Objective:** Create a user-friendly platform that integrates health, education, and technology, with accessibility for global users.

## **Phase 5: Pre-Sale 3**

- **Milestone:** Launch of Pre-Sale Phase 3.
- **Objective:** Further expand the WellFit community and continue funding platform enhancements.

## **Phase 6: Advanced Website Development**

- **Milestone:** Expand website functionality to include interactive features.
- **Objective:** Create a robust platform with seamless user experience, gamification elements, and integration with blockchain functionality.

## **Phase 7: Wallet Creation and Integration**

- **Milestone:** Develop and integrate secure wallets on the WellFit website.
- **Objective:** Provide users with full access to their WellFit tokens and enable transactions within the ecosystem.

## **Phase 8: Token Access & Availability**

- **Milestone:** Tokens become fully accessible to users.

- **Objective:** Users can access, manage, and utilize their WellFit tokens through the platform or external compatible wallets.

### Future Phases

Further development of the platform, partnerships, global expansion, and additional Pre-Sale phases will follow as we continue to grow WellFit into a leading global ecosystem that connects health, education, and technology.

---

## Extended FAQs for Investors

### Project and Vision

1. **What is WellFit, and how does it differ from other projects?**  
WellFit combines health, technology, and education into a unique global ecosystem that motivates people to adopt a more active and healthier lifestyle.
2. **Why was SUI chosen as the blockchain?**  
SUI offers high scalability, fast transaction times, and low costs, making it ideal for our token-based reward system.
3. **What are WellFit's long-term goals?**  
We aim to build a global platform that integrates education, health, and gamification, leveraging cutting-edge technologies.
4. **How are token prices determined during the pre-sale phases?**  
The price increases with each phase of the pre-sale to reward early investors and support token value growth.
5. **How many tokens are available in total?**  
The total supply is fixed at 25 billion tokens, with 1 billion reserved for the pre-sale.
6. **What happens if not all pre-sale tokens are sold?**  
Unsold tokens will be allocated to future platform initiatives or ecosystem development.
7. **How do I benefit as an investor in the pre-sale?**  
In addition to discounted token prices, investors receive unique perks such as physical tokens, NFTs, and exclusive platform access.
8. **Are there dividends or profit-sharing?**  
A portion of WellFit's profits (10%) will be distributed to holders of specific NFTs purchased during the pre-sale.
9. **When can I trade my tokens?**  
After the pre-sale concludes, tokens will be tradable on our platform for purchases and later on external exchanges.
10. **How is the security of my investment ensured?**  
Our platform uses decentralized blockchain technology, which is tamper-proof and transparent. Additionally, the WellFit patent will protect our innovations.
11. **What can I do with my tokens?**  
Tokens can be used to purchase NFTs, access platform services, or trade on external exchanges.

**12. How do I access my tokens?**

Tokens are credited directly to your digital wallet, which is compatible with the SUI blockchain.

**13. When will the full platform launch?**

After the completion of all pre-sale phases and development of core features, the platform will be launched in stages.

**14. What features will the platform offer?**

The platform includes rewards for activities, educational content, gamification, access to exclusive NFTs, and more.

**15. Can I use the platform without tokens?**

Yes, some basic features are available for free, but advanced content and NFTs require tokens.

**16. Which partners support WellFit?**

We collaborate with a range of strategic partners from technology, health, and education sectors, which will be introduced over time.

**17. Who is behind WellFit?**

An experienced team of developers, entrepreneurs, and blockchain experts passionately working to make WellFit a success.

**18. How does WellFit ensure the token's sustainability?**

With a fixed token supply, a controlled burn mechanism for inactive tokens, and dynamic price adjustments on the pl
